LOW PRICED ADVERTISING MEXICO WILL HAVE A PRESIDENT FOR TWENTY DAYS

Gutierrez Chosen By Convention of Aguascalientes

Convention Holds That It Had No Power to Make Permanent Selection

Washington, Nov. 3-A dispatch rereived in Mexico City from Aguascalientes says that General Eulalio Gutierrez was elected provisional president of Mexico soon after midnight Sunday night. The election is for a period of 20 days only. The Aguascalientes convention voted to meet in Mexico City later.

Gen. Gutierrez has been prominenty identified with the Mexican revolutionary movement which resulted n the expulsion of Gen. Huerta from the republic. He is a close friend of Carranza and rose with Carranza against Huerta in Carranza's nativ state of Coahuila. He defeated a force of federals near Saltillo in January of this year, and in April he expelled the Spanish residents from the city of San Luis Potosi. One of his latest victories against the federals was won at Vanegas in June.

Commenting yesterday on the acton of the Aguascalientes convention. Foreign Minister Fabela said: "The high officers of this government believe that this convention had no right to name a successor to Carranza. If Villa and Zapata refuse to leave the country with Carranza, we will have war. The only way to guar antee peace is for these three chieftans to leave the field. Gen. Gutler rez is a brave and honorable soldier, but the convention must live up to Carranza's demands.

The constitutionalist peace convention has been in session at Aguascalnight accepted the resignation of Gen Carranza, head of the Constitutionalist party. The resignation was accepted unconditionally. Villa resigned at the same time from the command of the northern division of the army. It then became incumbent upon the con vention to elect a provisional presi dent. Its right so to act already has been questioned in Mexico.

The dispatch said the passengers and crew of the Vandyck were all well, and had been landed yesterday at Para by a German steamship. Capt.
